catalyzing positive action for environment

Waste to Resource Management in Mumbai

An initiative by Ekonnnect Knowledge Foundation

What is it about?

Ekonnnect Knowledge Foundation (Ekonnnect) in partnership with Xavier Institute of Communications (XIC) is conducting an awareness generation contest on making short films on the theme of 'Waste to Resource Management in Mumbai'.

About the theme

The city of Mumbai currently lacks proper infrastructure for segregation, collection and treatment/disposal of the waste generated by the city. Also, lower awareness levels amongst the citizens on waste minimization and segregation further aggravates the problem. Hence, there is an urgent need for improvement in waste management in the city.

Who can apply?

	Category A: Individuals	Category B: Groups
Level 1: Pro	Individuals from film making and media institutes	Groups from film making and media institutes
Level 2: Basic	Other individuals	Other groups
