

Discover a new means to Education on Sustainability

Subscribe to our seminar series **Sustainability Kaleidoscope**

What is it?

A **subscription based series of seminars** on frontier topics in Environmental Management & Sustainability interspersed with the facility of **an online network connecting the participants** of all the seminars on a common platform for **discussions and continuous engagement and support.**

“Kaleidoscope is the metaphor for an appealing visual arrangement of the various facets of sustainability. Representing the dynamic themes which are responsive to the subscriber. A definite form of a structure that can be maneuvered to fit a desired learning schedule and training requirement.”

Dr. Prasad Modak
Founder-Director

Sustainability Kaleidoscope has received its first corporate sponsorship from Shapoorji Pallonji Real Estate. Do contact prasad.modak@ekonnnect.net to learn how to become a sponsor?

5 Key Attributes

- ✓ Unique model offering sustainability education on a program basis
- ✓ Covers niche topics generally not covered in education programs

Timeline & Conduct

Add-ons

What makes the Sustainability Kaleidoscope different?

- Calculate your carbon footprint at each seminar and offset your emissions by planting trees.
- Receive a Sustainability Kaleidoscope memento as a souvenir of the program
- Each seminar will be organized as a 'eco-friendly' event.

Launch of the Sustainability Kaleidoscope on 22 January 2015 at the Nehru Centre in Mumbai

The launch workshop was attended by participants from corporates, industry, academic institutions and organizations. There were 36 participants including the team from Ekonnnect Knowledge Foundation and Environmental Management Centre LLP.
