

FIGHTING FOR THE BLUE SKY

Urban Air Pollution Awareness Workshop

Participate | Collaborate | Take Action

Date : 13th Dec 2018 (Thursday)

Time : 2.30 pm - 5.30 pm

Venue : Madame Cama Hall, Veer Savarkar Marg (Dadar, Mumbai)

Why Discuss Air Pollution?

11 of 12

Most polluted cities of the world are in India

2.5 Million

Deaths due to Air Pollution in India

7.7%

GDP lost due to Air Pollution in India

What's different about this workshop?

- Interactive & Experiential Learning
- Multimedia based Pedagogy

Mind Mapping

Peer 2 Peer Learning

Interactive Session

Web-Based Quizzes

What topic will be covered?

- Air Pollution and Health
- Indoor Air Pollution
- How Beijing mitigated Air Pollution
- Electric Cars, Clean Fuels
- Odd-Even Policy, Carpooling
- Air Pollution and Climate Change

Fee: 200/- per registration

Ekonnnect Knowledge Foundation (Ekonnnect)

Ekonnnect is a non-profit section 8 company set up in 2012 with the aim of increasing understanding, imparting education and building capacities to address challenges and offer solutions in the arena of Environmental Management and Sustainability. Ekonnnect is an initiative of Dr. Prasad Modak who is the Founder and Director of this company.

All programs at Ekonnnect are designed for action: each ensures that participants apply solutions to real world problems and leverage on opportunities. Ekonnnect believes in collaboration, pooling in resources, networking with like-minded organizations as and when required in the best interest of the program/project at hand.

Examples of Ekonnnects flagship programs are *Disha* - a career counselling program, *Finishing School*, *Anvaya* - a short film contest, *Not Just Walk in the Park* - targeting children and *Prakrutee* – a collaborative and competitive initiative on green infrastructure. Ekonnnect takes on frontier topics, sets up expert networking platforms, develops knowledge products and provides training. The topics include environmental data analytics, green products, green procurement, air pollution, plastic menace and circular economy.
