

Ms. Lucille Andrade

Lucille has over eleven years' experience of engaging with Development Finance Institutions such as International Finance Corporation, FMO, KfW and CDC, applying their environmental and social safeguards.

Lucille has developed Environmental and Social Management Frameworks for several financial intermediaries and private equity funds - India Infoline Finance Ltd., IL&FS, IIFL Assets Management, Lok Capital, Samunnati, Equitas Small Finance Bank, UPNRM of NABARD. Developed ESMS for Corporates - Dodla Dairy Ltd., Srinivasa Farms in close coordination with IFC team. Assisted in comparing World Bank E&S Safeguards 2017 and ADB Safeguard Policy Statement with Indian regulations for World Bank team and New Development Bank (China) identifying additional measures for investments in India.

Conducted Environmental & Social Due Diligence (ESDD) for a variety of industrial and infrastructure sectors meeting Indian regulatory requirements; IFC Performance Standards; and World Bank Group's Environment, Health & Safety Guidelines (general & sector specific). Sectors include highways, real estate, agri-allied services, NBFC, pharmaceuticals, logistics, renewable energy, thermal power, general manufacturing, and healthcare.

Lucille holds a Mtech Environmental Planning from CEPT University, Ahmedabad; and PG Diploma in Environmental Law from NLSUI, Bangalore. Background training in Architecture from Mumbai University. Lucille is currently a Vice President at Environmental Management Centre LLP.
